EXPERIENCE

General Assembly

Full Stack Web Developer | Jan. 2016 – Apr. 2016

- Programmed and deployed full-stack web applications individually and in group settings
- Used PostgreSQL and MongoDB to create, manage, and access databases
- Participated in a Ruby code retreat
- Projects:
 - Mushroom Wars – A tic-tac-toe browser game with a Mario theme. Created using JavaScript, HTML, CSS, Bootstrap, and a third party API.
 - Bubble Tea Time – Menus for Boston-area bubble tea shops, keeping those who are new to the beverage in mind. Front end was built using JavaScript, jQuery, HTML, CSS, and Bootstrap. Back end API was built using Ruby on Rails, and PostgreSQL.
 - The Fridge – A Dropbox clone using Amazon Web Services as cloud storage. Front end was built using JavaScript, jQuery, HTML, CSS, and Bootstrap. Back end API was built using Node, Express, MongoDB, and Mongoose.

Miraca Life Sciences

Specimen Processing Specialist I | Sept. 2014 – Jan. 2016

- Entered confidential and time sensitive patient health information into a laboratory information system
- Assisted in processing dermatological and gastrointestinal tissues for clinical testing

Showa Boston Institute

Resident Assistant | Nov. 2011 – Dec. 2015

- Designed and implemented intercultural activities and programs on and off-campus
- Performed weekday/weekend overnight RA duty
