JavaScript | jQuery | AJAX | Ruby | Ruby on Rails | PostgreSQL | Node.js | handlebars | HTML5 | CSS3 | Sass
Ember | MongoDB | Mongoose | Express | Bootstrap | Git | Heroku | AWS

Experience

General Assembly

January 2016-April 2016

Web Development Immersive

- 12-week 600+ hour course focusing on building projects using industry leading, relevant frameworks
- Created full-stack applications focusing on object oriented programming, MVC frameworks, data-modeling, and test-driven development using Agile methodologies.
- Focused on writing clean, well written code using industry best practices

Projects:

- The Drunken Critic: Full stack app meant to rate your favorite beers created utilizing Ruby on Rails to communicate with PostgreSQL, and a front-end built with JavaScript, HTML and CSS; all in conjunction with a third-party API
- Sand Puppy: Content management system app for a blog created in a group of four utilizing Express to communicate with MongoDB and a front-end built with JavaScript, HTML and CSS
- Trebl - Full stack app for creating social playlists based on suggestions from other users based on a song posted by you. Built using Ruby on Rails, PostgreSQL and Ember.

Firestone Walker Brewing Company

May 2015-January 2016

Sales Associate

- Generate brand awareness through constant interaction with customers, distributors and team members
- Lead info sessions in order to educate customers on the fundamentals and trends in an ever-changing industry
- Developed strong relationships with many layers of the industry

Trader Joe's

Craft Beer Manager

October 2013-April 2016

- Overseeing all beer orders, section organization, customer interaction, and sales
- Planning and carrying out beer tastings to educate crew and customers

Appalachia Service Project

May 2008-August 2012 (seasonally)

- Administered \$50,000 budget by selecting projects and appropriately resourcing volunteers
- Managed 2000 volunteers on a weekly basis; ensured a successful volunteer experience by attending to all volunteer needs
- First-in-command to a staff of 4 other individuals all cooperating to oversee the successful completion of projects
- Coordinated 20-25 ongoing projects per summer providing high quality work while catering to the needs of each client family

Education

Salisbury University, Salisbury, MD
Bachelor of Arts, Sociology

May 2011
